

# **Capacity Building in Resource Mobilization**

Project Update for PBDD Annual Mtg, Colombo,  
May 2005, L. Burley

# Project Review

## Objectives

- Training tools
- Strengthen capacity
- Foster expertise
- Interact with RM sector
- Capture lessons learned

## Expected Outcomes

- Individual learning
- Organizational learning
- New relationships

# Among IDRC Research Partners

## Globally

- TEC Network Coordinators
- GEH Partners
- GKP

## MERO and ESARO

- Developing regional work plans

# Among IDRC Research Partners

## **LACRO: focus on research networks**

- LAC Network Coordinators
- IMFNS-LAC
- Honduras Learning Systems
- Grupo Randi Randi
- Omar Dengo Foundation
- Fundacion Acceso

# Among IDRC Research Partners

## **WARO: Pioneer work**

- ROCARE
- CORAF
- Two workshop programs for all Pas

## **ASRO-SARO: Hub**

- Stay tuned ...

# Strengthening Capacity and Fostering Expertise

- Eleven active training programs
- Emergence of “experts”
  - From trainees, IDRC research partners
  - From ASRO-SARO trainer

# Tools Development

- Tracer Studies from pilots
- Scoping studies in ASRO-SARO, WARO, ESARO
- Customizing training tools, emphasis on research networks
- Systematizing our planning tools

# **Lessons Learned**

## **1. Challenge Fund - CBRM Synergy**

- Fund donor mtgs within the larger capacity building program (ROCARE, IMFNS)

# Lessons Learned

## 2. Demand to integrate other forms of capacity building

- Strategic planning
- Monitoring and Evaluation
- Organizational Strengthening
- Communication
- Financial Mgmt

ESARO and MERO work plans will explore integration with CB-RM

# Lessons Learned

## 3. Partnering .... early days

- IDRC has a niche with CB-RM project
- Other donors attracted to CBRM for the same reasons as IDRC
  - Strengthens organizations
  - Extends project reach
  - Safeguards original investments of all involved

# Current Focus

- Develop partnership strategy
- Share team experiences on planning 8-12 month programs and ways of providing post-workshop support
- Plan the collection and synthesis of monitoring data from the activity to umbrella level.

# Thank you

A decorative graphic consisting of a large, light blue arc that starts from the left edge and curves downwards towards the bottom right. A thin, white horizontal line is positioned across the middle of the slide, intersecting the arc.
